F. Scholarship

- a. The parent of a student who received a \$3,000 scholarship from us wished to pay it back because the state paid for his CDL training. Jess questioned whether this student had any other expenses. The SWCD board then discussed the issue and decided that they would still like the student to have the \$3,000 because the money could be used for other expenses, which falls

in line with what the scholarship is intended for. Amanda will call the parent to discuss the board's decision and offer to give the check back.

G. Cropland Structure Funding/TA

- a. Misty talked to the board about funding terraces. Staff does not have NRCS Job Approval Authority (JAA) for terraces and NRCS is not offering JAA to District employees. The board agreed that if someone wanted CCS terraces through us, they would have to provide their own engineer who was certified and follow the NRCS specs. It was decided to leave the terraces on the CCS list for now.

H. Budget

- a. Budget Hearing—The budget hearing closed at 10:56 am with no public comment. Jess read the budget resolution to the board. Brian moved to approve the budget resolution for FY 2026-2027 for the amount of \$3,400,113 and a permanent tax rate of \$0.26/\$1,000 and Nick seconded. Motion carried with Brian-yes, Nick-yes, Jess-yes, Josh-yes, and Ryan-yes.

X. OTHER BUSINESS

- A. The board would like someone from County Court to come to a SWCD Board meeting to discuss SIP money. Joan mentioned that the County met with Biglow about SIP yesterday. They are currently in negotiations. When the SIP money expires, then our tax base will go up, but that is being held up because of a lawsuit.
